LIVE - THE WABI-SABI WAY

**“Roots are where the soul remembers its truth.
When Shakti rises to meet Shiva within, the heart opens
to its own sacred wholeness.
Self-love begins in this quiet union, where the masculine
steadies, the feminine awakens, and together they create
a life lit from inside.”

LIVE WABI SABI MAGAZINE | BE UNAPOLOGETICALLY YOURSELF

At Live Wabi Sabi Magazine, we stand for every woman who is becoming.

Becoming braver,
softer, wiser, freer.

Every woman carries a story shaped by courage, quiet victories, and the unseen battles she has risen from. We believe each of these stories holds the power to move the world.

We honour the truth that every woman is a force of global impact. When she is given space to speak her truth, shed her fears, share her wins, and step into her purpose, she doesn't just transform her own life, she elevates the collective.

Our vision is rooted in a simple belief: Life affects life.

One empowered woman creates ripples that reach far beyond her circle, inspiring families, communities, and generations.

Like Kintsugi, the art of mending with gold, our cracks don't diminish us. They define us.

A Life of Reinvention & Grace

Some women rebuild. But some, like Jyotsna Rao Bakshy, rebloom.

Born in a home shaped by the Indian Army, married into another that mirrors the same discipline, she carries structure in her spine and compassion in her breath.

A decade in IT.

A pause for family.

A return powered not by **ambition** but by **soul**.

Every chapter she stepped into felt like an echo of who she was always meant to be.

HER CROWNS ~

Mrs Majestic International 2025 VG

Mrs India Gracious 2025

Superwomaniya Wellness Icon 2025

are not victories on a stage, but victories of the heart. Proof that reinvention is not loud, it's intentional.

TAKEAWAY: “Every chapter teaches you, honour it, evolve with it, and never stop blooming.”

Her Wabi Sabi Awakening

Her defining Wabi Sabi moment emerged during the most fragile chapter of her life. When her husband was placed on a ventilator due to severe Covid complications, the future felt uncertain. Faith became her anchor.

What followed was nothing short of a miracle. His recovery awakened a profound spiritual shift in her, a reminder that beauty exists even in broken moments and that grace often appears when hope feels thin.

This experience deepened her connection with the universe and strengthened her trust in divine timing.

TAKEAWAY: “Imperfection has its own language, if you listen closely, it guides you toward purpose.”

HER PHILOSOPHY ON SELF-LOVE

For Jyotsna, self-love is a sacred commitment

It is not loud;

It is not self-centered;

It is a quiet, consistent devotion to your own well-being.

She believes self-love must be nurtured every day ~ emotionally, physically, mentally, and spiritually.

“It doesn’t take hours,” she says. **“Just the right intention and direction.”**

Through her coaching, healing modalities, and personal example, she inspires women to:

- pursue what brings them joy.
- honour their inner alignment.
- live with compassion and awareness.

She believes self-love, practiced consciously, transforms not just you, it transforms everyone around you.

TAKEAWAY: “When your inner world shines, your outer world mirrors that light.”

Don't chase perfection, chase authenticity. Chase growth. Shatter the beliefs that confine you, and let your inner fire lead the way.

Trust your journey in its entirety, the messy, the magical, the miraculous.

**“Perfect is a myth.
Perspective is power.”**

**“Believe in yourself. Begin with a positive
